

- Staffing for next year is based on the courses that you select during the academic advising process this year, so plan carefully. Students are meeting with HS and MS counselors 1/16-1/19 to select courses for 2024-25. This is done via their StudentVue account. Alternate electives will replace a selected elective if there is a conflict in your schedule. Courses selected in StudentVue will be viewable in ParentVue accessed via web browser. This will allow parents to review classes selected. Once students meet with counselors, selections will be locked. Any updates/corrections need to be emailed to the HS alpha counselor. HS Counselor contact information can be found on the WPHS website under Student Services.
- Please submit any corrections to the HS alpha counselor by March 11, 2024. There will be a freeze for staffing decisions from 3/12-4/12 and no changes can be made. Changes will be allowed from 4/15-5/10 on a space available basis as staffing decisions will already be finalized. **As of May 10, all course selections are FINAL.** Minor adjustments may be accepted on a space availability basis both prior to school starting and during a brief elective change window early in 24-25 SY.
- Students who score below 400 on the Math 8 SOL may be placed in the Algebra 1 Part /Algebra 1 double block class and students who score below 400 on the Reading 8 SOL may be placed in Literacy Lab 1. Students who receive Special Education may have courses that are already appear in StudentVue based on their Individual Education Plan. Students who receive ESOL support may have courses that are already appear in StudentVue based on their ESOL level.
