

AP Photography Summer Assignment

SILHOUETTES

Photography Challenge #1

Back Lighting is TRICKY! Lots of experimentation Required. GO CRAZY with the possibilities...

[Tips to Shoot Silhouettes](#)

Indoor Location Idea- [ARTEHOUSE](#)

Location

Photography Challenge #2

Traveling this summer? Or not? Capture the essence of a location whether it be at the beach, in the mountains, throughout a city or in your own neighborhood in a series of images. Go beyond the usual cliché documentation of site-specific architecture, beach scene, etc. and vary your perspective. **How can you engage your viewer and share this place with them in NEW ways?** DRASTICALLY change up your camera angle. Experiment with time of day. Expand on the way you typically shoot by altering your approach.

*Shoot **AT LEAST one roll of film** if not more! The rest can be digital. Have another idea in mind? Go FOR IT! The more you shoot the better you become. Have FUN!
